About the Conference

The 2019 Safe Routes to School Conference will bring together hundreds of active transportation and public health advocates and practitioners from across the country for valuable networking, sharing best practices, and exploring one of Florida’s most vibrant and active cities.

As the primary biking and walking conference in the United States in 2019, attendees will have a wide range of options to engage in educational opportunities, become inspired, and advance healthy, equitable communities.

FROM OUR PARTNERS

"Spend two days with leaders in Safe Routes as they address today’s most pressing challenges and hot topics. You’ll go home with new strategies and techniques to share to continue the movement.”

- Sarita Taylor, FDOT Safe Routes to School Coordinator

We welcome the Safe Routes to School National Conference to Tampa. Safe roads for kids are safe roads for everyone. Hillsborough’s Vision Zero Coalition and the Gulf Coast Safe Streets Summit look forward to celebrating the work of the National Partnership!

- Beth Alden, AICP, Hillsborough MPO Executive Director
SAFE ROUTES TO SCHOOL
NATIONAL CONFERENCE
